

AI to facilitate human connection.

THE PROBLEM

A billion+ people are lonely.
Social media makes it worse.

1B+

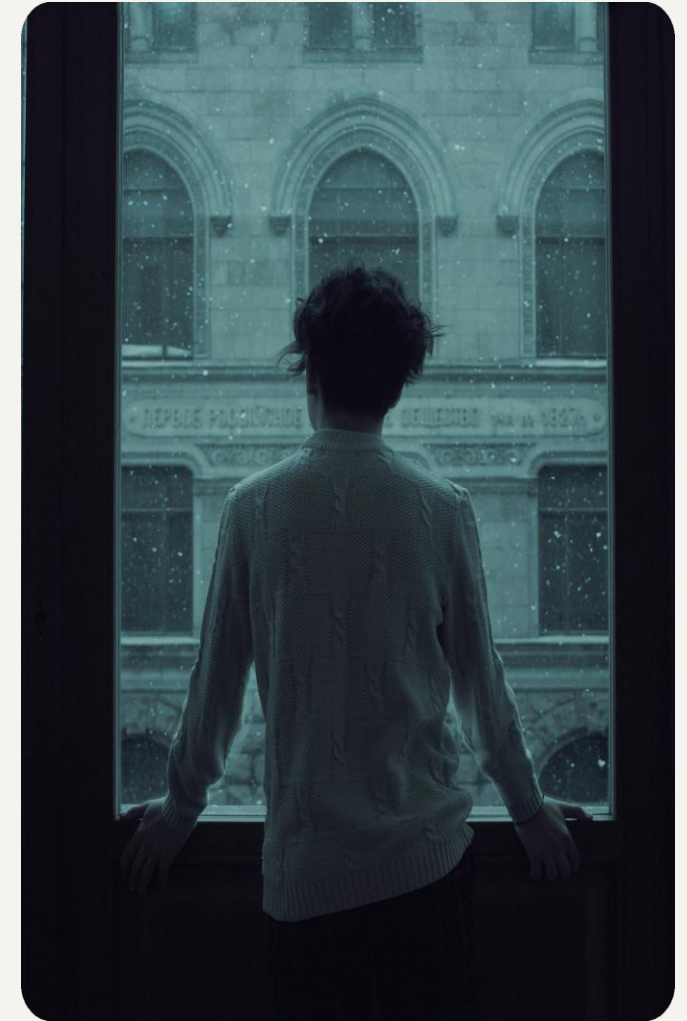

people report feeling lonely (WHO)

871K

deaths per year linked to social isolation

\$300B

annual economic cost worldwide

Facebook is built for advertisers and influencers.

SOCIAL MEDIA OPTIMIZES FOR

- **Time on app.**
- **Outrage and addiction that spreads.**
- **Ads sold against attention.**

PERDATA OPTIMIZES FOR

- **Conversations that happen in person.**
- **Friendships that outlive the app.**
- **B2B revenue. No ads. No bots.**

THE CORE PRODUCT

Conexus turns any event into a place to meet a potential new friend.

01

Scan a QR code

Organizer shares a QR code at the event or community.

02

Attendees share what they care about

Short profile. Interests, travel, what you want to talk about.

03

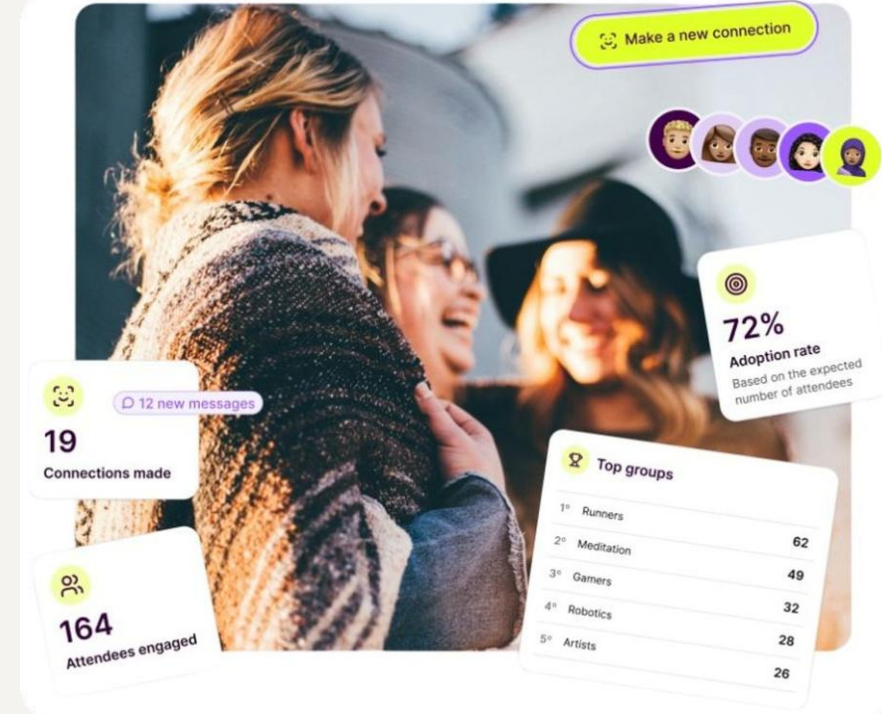

AI matches people worth meeting

Not a swipe. A reason to walk across the room.

04

Talk in person; decide what comes next

Connect after, or don't. Users own their data.

Find friends. Keep friends. Share with friends.

FIND

Conexus

QR-code matchmaking at events and communities.

B2B + Freemium

LEARN

Social Compass

Tools and content for people climbing out of isolation.

B2B + Licensed

KEEP

Conexus Personal

Friend Relationship Manager™. Knows who to check in with.

Mobile app

SHARE

Conexus Social

Friends-only social network. No ads, no algorithm.

Encrypted · patent pending

The backlash against social media is rapidly growing.

01

Loneliness is a public-health crisis.

U.S. Surgeon General advisory. WHO declared loneliness a global threat.

02

Phone-first parenting and youth mental health.

Schools banning phones. Digital friends suggesting self-harm; lawsuits pending. Parents want the opposite of TikTok.

03

Enterprise belonging is now a P&L line.

HR teams paying for retention and engagement that survives return to office.

04

Use technology to foster human connection, not replace it.

Solving loneliness with digital friends is irresponsible. Human connection cannot be replaced by bots.

MARKET

\$32B today. A billion lonely people.

TAM

\$300B+

Global economic cost of loneliness (WHO).

SAM

\$32B

Global events (\$20B) + community / membership (\$12B).

SOM

\$1.2B

U.S. mid-market HR, HOAs, nonprofits, brands, faith-based communities.

Source: WHO; industry market reports for events and association membership. SOM is bottom-up: ~12K U.S. customers x \$8K ACV.

\$1.2B we can reach without a single consumer ad.

12,000

U.S. mid-market accounts

×

\$8,000

blended annual ACV

=

\$1.2B

SOM (serviceable obtainable market)

WHERE THE 12,000 COME FROM

**Mid-market
HR teams**

**HOAs & residential
communities**

**Nonprofits & faith
communities**

**Associations &
event organizers**

**Health systems &
public programs**

Today's SOM. It expands toward the \$32B SAM (prior slide) as white-label and Social Compass licensing scale.

B2B2C SaaS. Organizers pay. Users never do.

REVENUE LINE	WHO BUYS	UNIT ECONOMICS
Self-serve tiers	Small orgs, single events	\$49–\$499 / event
Annual subscriptions	Communities, HOAs, nonprofits	\$2K–\$15K / year
Enterprise contracts	Mid-market HR, large nonprofits	\$25K–\$150K / year
White-label / OEM	Travel, hospitality, brands	Rev share or platform fee
Licensed Social Compass	Health systems, EAPs, governments	Per-seat or per-population

Users never pay. No ads. No data resale, ever.

Five channels. None of them are Facebook ads.

01

Nonprofit anchors

YMCA, Rotary, faith communities. Mission-aligned. Long deals.

02

Enterprise HR & ERG

Belonging budgets that already exist. We attach to retention KPIs.

03

Conference & event platforms

Embedded by organizers as a value-add. White-label opportunity.

04

Municipal & education

Cities and schools running anti-isolation programs. Grant-funded.

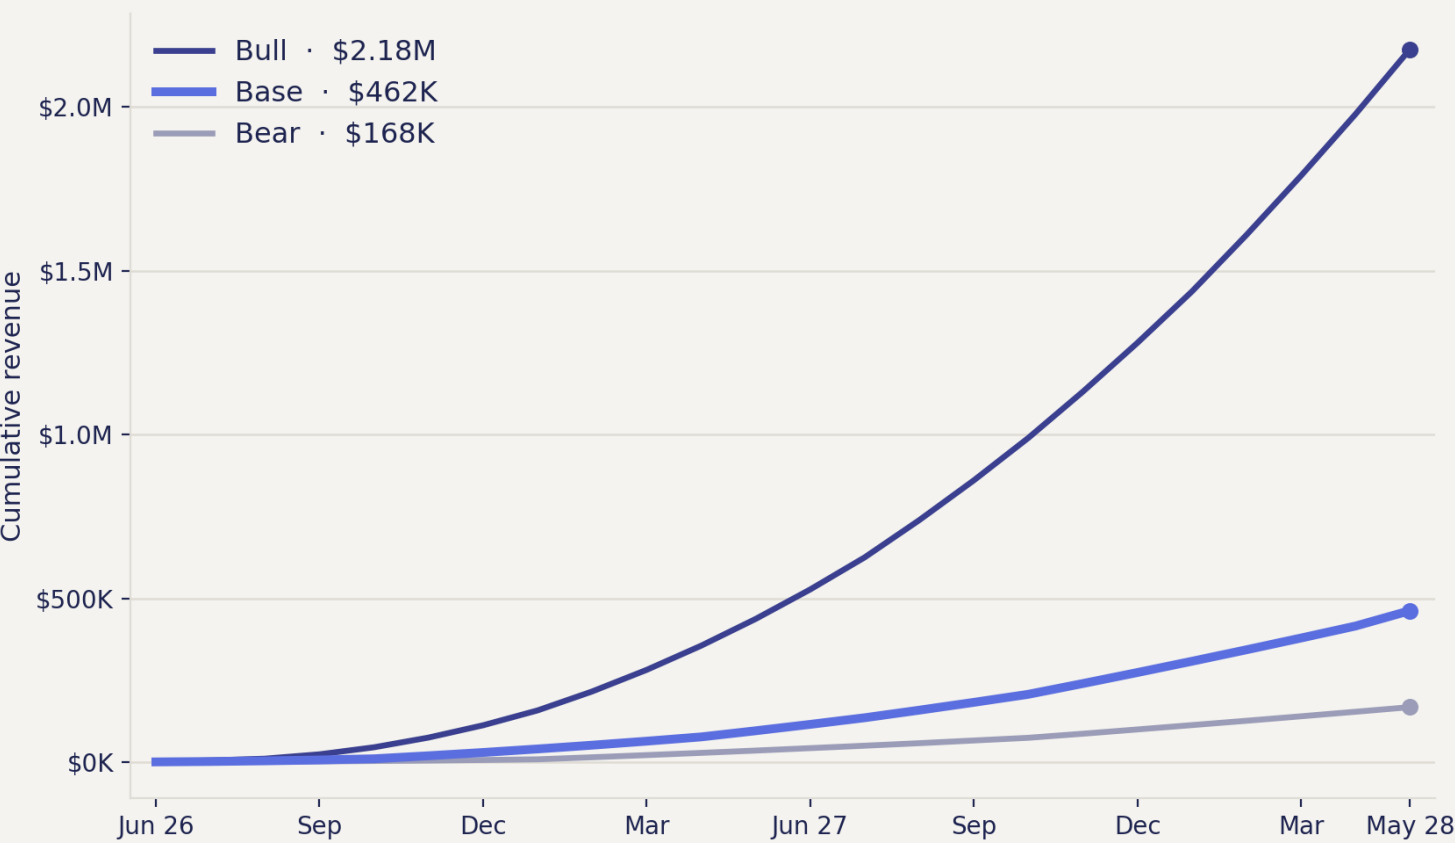

05

Founder-driven outbound

Pete's and Johan's personal networks. Warm intros only.

Goal: 1–3 lighthouse partnerships by year-end. Quality over logo count.

Three scenarios. Base case reaches \$563K MRR.

BULL

\$2.38M MRR

\$28,560,000 run rate

BASE

\$363K MRR

\$4,356,000 annual run rate

BEAR

\$69K MRR

\$828k annual run rate

Base assumes 1–3 lighthouse partnerships close on plan. Excludes grants, advisory equity and non-cash revenue.

Live pilots. Filed patent.

Published thought leadership. Multiple products for GTM.

5

LIVE PILOTS, POCS

Events, corporate HR pilot, HOA pilot.
